

R800 Workhorse™

Forward/Reverse Pedals

Brake engages with no driver

Improved disc brakes

Reliable Honda Power

Work Smarter with Garlock. From material placement to tearoff, the versatile R800 Workhorse maximizes productivity while keeping workers safer.

Reliable Smooth Operation: Get more done with the smooth operating hydrostatic drive. Reduce operator fatigue with the ergonomically designed steering bar which keeps the operator centered.

Improve Efficiency: Haul and tow more with the improved productivity of the 13hp powerplant. Get around obstacles and reduce backing with tighter turning radiuses of the new frame design.

Proven Durability: Enjoy years of reliable service with the rugged tube frame design.

Increased Flexibility: Work more efficiently with a variety of quick change attachment options including TuffTray.

Safer Operation: Operators keep thier hands on the steering bar where they belong with the integrated foot control pedals. Reduce fatigue with the ergonomic easy-brake pedal. Disc brakes automatically engage should an operator step off the platform.

TuffTray Compatible
